

BEYOND THE HORIZON CHARITY

Day 1 - school closed and children at home, and as a parent I'm charged with educating, entertaining and keeping them calm in the midst of an unreal time in our lives....**no pressure then!**

As I text my colleagues at Beyond the Horizon and we try to keep our spirits up, we wonder how the parents and children we usually see are managing their day today?

There aren't really any words to describe how any of us are feeling - both therapists and families

But we are hoping to keep connection in some way so we can be part of keeping our children moving forward despite not seeing each other face to face.

Keep safe, follow the advice, try not to be perfect home schoolers. Trust me I was just pleased to get some maths done today then we had a good old long play outside!

Keep connected ...
